participated in the

Herrsching Leadership Training Course 2015

with very good results within the framework of the "27th International Leadership Workshop for Rural Youth", held in Herrsching, Germany, from 12th to 25th August 2015.

The training course included the following subjects:

- Methods of group work
- Fostering personal abilities and talents
- Creativity techniques
- Methodical skills for cooperation
- Skills for conflict management
- Motivation, leadership and challenges faced by leaders
- Communication and presentation techniques
- Evaluation methods and basics regarding qualified feedback
- Practice in didactic skills

The training course took place during twelve workshop days for a total of 96 workshop hours. By taking part in the "Herrsching Leadership Training Course", the participant has acquired qualifications in the "identification of global challenges and local approaches towards solutions", the main issue of the international workshop.
